31<sup>st</sup> December 2015*

## Conference Outline

“Innovations in Healthcare Management: Quality and Cost Optimization” is a two days international conference planned for 4-5th of February 2016 in PHD House, New Delhi. The conference is first of its kind to bring various stakeholders linked to the health sector under one roof to discuss, share and implement innovations in health sector from world over. The conference covers various aspects of Innovation in healthcare delivery by use of technology and tools like lean and evidence based hospital planning and operations. The conference will be hosted by InnovatioCuris (IC) with the help of collaborators /sponsors.

## Theme of the Conference

Innovations in healthcare is a sought after topic today for the thought leaders in health sector anywhere in the world. Different parts of the world are struggling with different issues in managing their health sector and everyone is seeking innovations for their problems to reduce cost. The first conference of IC builds on a successful international effort of a book published by the same name authored by Dr. V. K Singh, MD of IC in early 2015. The conference plans to cover the innovations from public health, global innovations relevant to India health sector and Indian innovations in health sector relevant to the world during the first day. The second day assembles the decision makers from various domains to plan for next steps and the also recognition of innovations submitted by young innovators.

## Number of Participants & Conduct of Conference

It is expected that approximately 250 participants would attend the conference. It would be organized first day in an auditorium and second day delegates would be divided in two groups, first group would continue in the normal conference style in the main auditorium and second group of “Thought Leaders’ Forum” of 50 senior innovators like policy makers, MD, Directors, foreign delegates in board room setting to share experiences and make way for future collaborations and make recommendations.

### WHO SHOULD ATTEND

- MD/ CEOs/ Directors of Healthcare Organizations
- Public & Private Hospitals
- Nursing Homes
- Companies dealing with medical equipment & devices
- Pharma Companies
- IT Companies
- Medical Associations/ Institutes
- Diagnostic Laboratories
- Other Healthcare Organizations
- Architects and Engineers associated with hospital planning
