

**Free Webinar Organized by InnovatioCuris**  
**on**  
**“Current Trends in Health System Innovation”**  
**Friday 12th August 2016 (6:00 PM- 7:00 PM) IST**

### About Organiser

InnovatioCuris which is commonly known as “IC” is a unique organization, which brings deep healthcare expertise, a scientific rigour on applying global innovation models & management processes by leveraging IT to deliver healthcare at an optimum cost. Our Vision is to find methods, tool and techniques to deliver Qualitative health care at optimum cost at all levels.

In IC we have partnered with world-class academic institutes, government bodies, NGOs and healthcare organizations to create a collaborative ecosystem for piloting new interventions (systems and processes) to improve the healthcare delivery.

### What's in it for you?

IC has started awareness of latest trends of Innovations in health sector by conducting free webinars. we brings you its third webinar on “**Current Trends in Health System Innovation**”. In future Global and Indian experts would be invited to share their knowledge, experiences in Healthcare Innovations through free webinars.

### In this webinar we will discuss:

The World Health Innovation Network (WIN) has developed a proven model for embedding and scaling health innovations by engaging numerous partners from industry, government, academia, and the health sector to accelerate health system innovation adoption and scalability. In this webinar, Chair of WIN, Dr Anne Snowdon will discuss the key themes emerging from her work in Canada, United States and the United Kingdom and the implications from a global perspective.
